

Viking Runes

Lesson {0} Introduction

Introduction to Viking Runes & the Compass Rose Youth Club

The Compass Rose Youth Club was named after the {24} Runes that make up the Elder Futhark Runic alphabet, an alphabet used during the Viking Age and associated with Odin, the Norse god of magic and wisdom.

The {24} Runes that make up the Elder Futhark also form a “Rune Star” {6}, a three dimensional figure that resembles a compass rose or compass star, a figure on a compass, map or nautical chart used to represent the cardinal directions (north, south, east, west) and their intermediate points (northwest, southeast, northeast, southwest, etc...).

By studying the history of the Viking Runes and how they were created, we hope to find a new “moral compass” that will lead us toward a brighter future.
